Product Information

Quantities

EAU:

Date Required:

Special Packaging Needed:

Inputs

Single Input (specify voltage)

Series / Parallel Input (specify voltages)

Tapped Input (specify voltages)

Voltages:

Temp Rise: (°C)

Ambient Temp: (°C)

Operating Frequency:

Hz

KHz

Output #1

AC Output (specify output voltage, and either load current or VA ratings)

DC Output (specify output voltage, load current, rectifier type and filter)

Specifications:

Output #2

AC Output (specify output voltage, and either load current or VA ratings)

DC Output (specify output voltage, load current, rectifier type and filter)

Specifications:

Applicable Safety Agency Standard(s):

(If particular transformer standard is not know, indicate application)

V&F to submit for component approval(s):

V&F to provide compliant construction

Mounting: (Specify chassis mounting centers, size limitations, etc.)

Terminals: (Specify solder lugs, quick-connect terminals, lead wire, etc.)

Other: (Describe any other specifications not mentioned above)

Unless other arrangements are made, customers are responsible for **ALL** agency costs. An agency project will be initiated **ONLY** upon customer's acceptance of cost.
